HEALTH & SAFETY POLICY STATEMENT

“THERE IS NO JOB SO IMPORTANT OR URGENT THAT WE CAN NOT AFFORD THE TIME TO DO IT SAFELY”

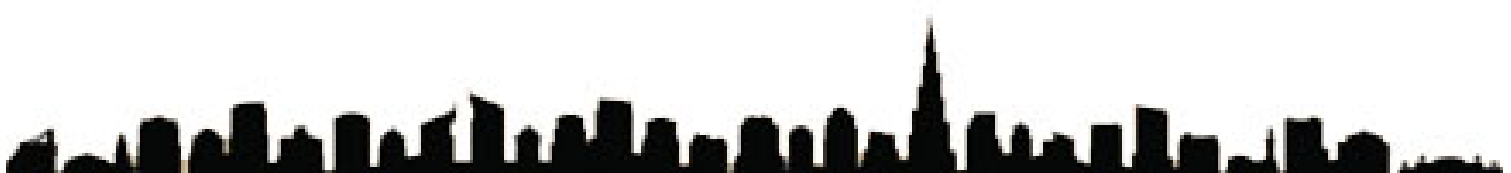

The above statement describes in short our safety mentality and health & safety policy in New Al Dhafra.

This means to provide and maintain safe and healthy working conditions, equipment and systems of work for all involved personnel and to provide information, training and supervision as needed.

In order to achieve this policy, the company is committed to:

- ✓ Implement and maintain the safety program describing the steps and procedures that will be followed during the performance of the work.
- ✓ Provide necessary resources and training program to inform all workers of the contents of the written safety program, first aid procedures and emergency procedure. The contents of the program periodically modified as necessary related to the current work.
- ✓ Understanding that safety, accident/incident prevention, and environment protection are operational responsibilities. This policy requires all employees at all levels and at all working site to be responsible for the prevention of job-related injuries and illness, property damage and environmental accidents, through the use of their good judgement and the diligent and consistent application of company guidelines and procedures’
- ✓ Other’s safety
- ✓ All equipment used in or around the site fitted with instruction plate for sake of immediate response in emergency cases.
- ✓ Assure safety of all work for the on-site storage, handling and proper use of any dangerous substance or materials and safe working are enforced to protect the health and safety of all personnel and property.
- ✓ Remember always **“SAFETY IS FIRST”**

The policy and the way in which it operates will be regularly reviewed and update in response to changes in the nature and size of the business.

ENVIRONMENT POLICY STATEMENT

The intention of **New Al Dhafra** is to conduct all of its operation in such a manner as to minimize/avoid any action that may endanger or harm the environment at all operation locations.

The company policy is to provide plain working environment area & our objective is targeting to prevent pollution of any kind in our operations.

The company and its employees will follow all states, federal and other international applicable rules and regulatory compliance standards to prevent pollution or environmental damage to the land, sea and air in which they work.

Furthermore, vendors, subcontractors and others who visit or work at company location and facilities will be held accountable for ensuring that environmentally sound practices and procedures are followed.

Environmental pollution hazard or violations of this policy should be brought to the immediate attention of company's management.

QUALITY POLICY STATEMENT

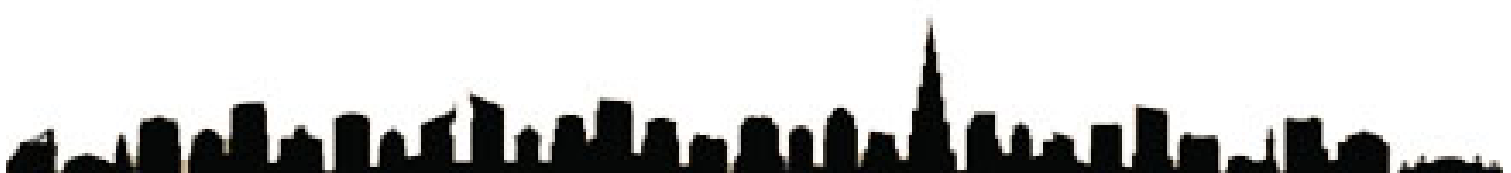

**TO ENSURE TIMELY COMPLETION OF SERVICES WITH
ACCURACY AND SAFE METHODS. TO HAVE A MUTUALLY
BENEFICIAL PARTNERSHIP WITH ALL OUR CUSTOMERS BY:**

**Planning and executing our services to meet the customer's
requirement.**

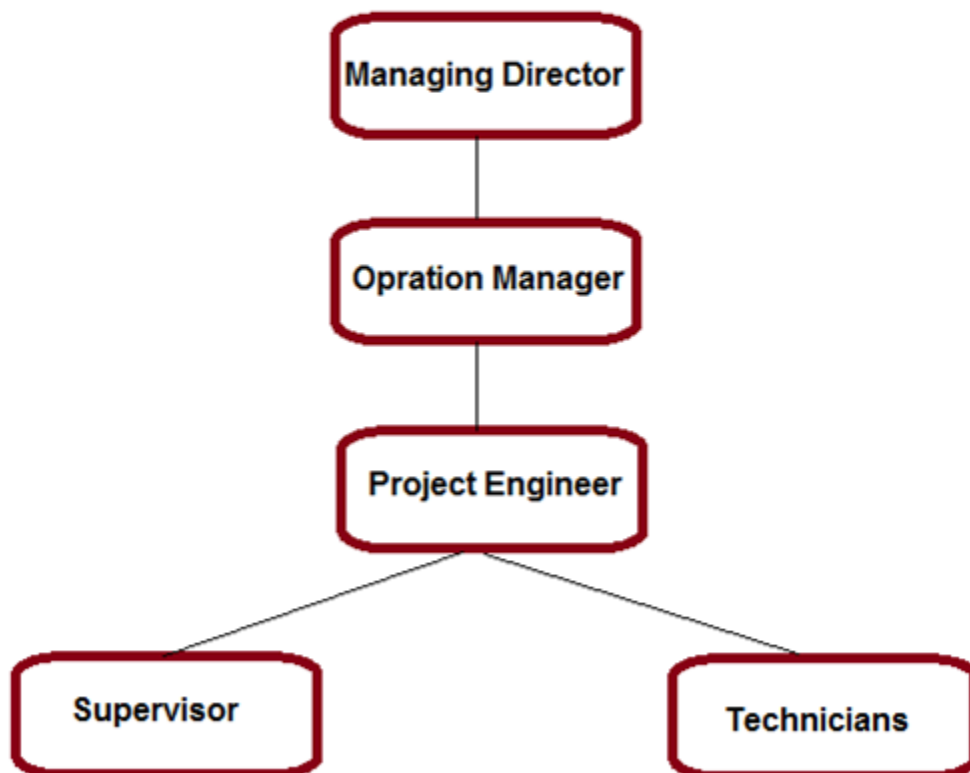

**Employees to understand the quality policy and implement the same in
work execution.**

**Continuously improving the skills of personnel by periodic training,
adding qualified and trained personnel thereby ensuring accuracy and
safety of the personnel in the execution of works.**

**ALL EMPLOYEES INCLUDING THE TOP MANAGEMENT ARE
DETERMINED TO ENSURE STRICT ADHERENCE TO THE QUALITY
POLICY.**
